

THE HORN

It's the Jan'vine Article..

Still some powder around as Tom Sherrin found out...

Hello Zermatt and welcome to the latest edition of the Horn! There are just so many exciting events coming up in the next few weeks that we have had to ask our resident girl about Lucie Pulling to give us the lowdown. You can catch up with all the details surrounding Australia Day, the Luttmann Johnson race, the ShowLove Party and Tequila Bingo, plus a host of other items on page 2.

Meanwhile, it has been a quieter couple of weeks in town in terms of business, which, with the distinct lack of snow, has meant some serious partying. So fair play to those hitting it hard in the Schnee by night and at work by day!

European winter weather still seem to have things back to front with the UK even getting more snow and Zermatt staying bone dry. However, this shouldn't stop you from getting up the mountain, especially if you all now have a little more free time! Take advantage of any of those free ski lessons the ski schools are putting on and perfect your bumps or throwing-yourself-off-stuff manoeuvres..! Have fun up there!

Girl about town... Ear to the ground, eye on the balls

Hey there boys and girls! Here are all the details for next few weeks! Australia day has been moved to actual Australia day this year, the 26th January, and yes i know it's a Tuesday night, but panic not, Nelly doesn't shut the restaurant till 10pm so you chalet girls can get cleaned up in time and other workers can grab a feed and chill before the races begin. Teams will be made up of 4 peeps with at least 1 girl, so choose your team carefully and get practising. Best dressed team wins prizes so ensure you look the part!

Luttman-Johnson race is on the 3rd February this year, if you want to join in, head to the Hotel Pollux during the Ski Club of Great Britain reps' social hour the week leading up to the event, and anyone wanting to help out time keeping (for which you get 40CHF, and a ski club hoodie) get over there and talk to the reps as soon as you can to bag yourself the best location.

Of course, where there's Luttman Johnson, there is TEQUILA BINGO!!!! Ok, technically it's called The Natives Show Love Tour, but that's just too much of a mouthful, unless you're a chalet girl, a notorious species for taking a mouthful. All will be kicking off in Nelly's after 10pm so get on down, not only because the prizes are pretty good, but to check out what Pocket and Foggy have constructed for their fancy dress this year.

Henry Keep and I shall be having a little meeting and bashing around ideas for the music video for this season's DVD when one of us isn't busy and the other sobers up (which one is which, I hear you cry), so anyone who would like to participate or has any ideas, hunt down Henry (I think everyone has a business card by now) or myself.

A few little titbits for the grown ups staying away from the drunken madness, which also means missing the news; kudos to the chalet girl who spent 2 hours trying to help another drunk worker find his house, personally would have put him in a taxi and left him to the wrath of Gypsy, laughter to the lady who accidently ended up leaving an amusing scratch line down a co-workers nose when a goggle slap when wrong, tut tut to the chef who also scarred a co-worker by flicking hot oil, even G.W.Bush has the sense to know that that wouldn't turn out well, congratulations to those who managed to ski home after the hardcore après session on Wednesday when Phil and Alex throw an impromptu gig till the late hours at the Henuu, and a BIG BIG BIG congratulations to Poli and Cindy for the arrival of Rajan (sounds like Ryan) who was dropped off by the stork at Visp hospital on the 7th. And strange fact of the issue, in Zion, Illinois it is against the law to give a lit cigar to your pet. How the hell did that come about? Stay out of trouble guys, and if you can't name it after me. Horoscopes

Capricorn: 22nd Dec—19 Jan

You have been neglecting your duties recently haven't you? As Jupiter collides rather violently with Mars, a severe case of mardiness could be round the corner.

Aquarius: 20 Jan—18 Feb

This week bodes, well, nothing at all. Sorry, no planets in your sign are doing anything extraordinary.

Pisces: 19 Feb—20 Mar

Your gentle nature is shattered this week by a "friend". Count to ten before you wallop them uncontrollably.

Aries: 21 Mar—19 Apr

Temperatures will rise this week as you find yourself at close quarters with a potential lover. Make sure you've brushed your teeth and lay off the garlic for a while, just in case.

Taurus: 20 Apr—20 May

Walk the road of love this week, and with your powerhouse thighs you will soon catch up with your intended.

Gemini: 21 May—20 Jun

Danger, Excitement, Love, Hate. These are words more often used in movie trailers than life but things are about to change for you.

Cancer: 21 Jun—21 Jul

Painting the inside of your mouth isn't the best way to change who you are on the inside, and tastes pretty bad too.

Leo: 22 Jul—22 Aug

Spank. It's a word that will occur surprisingly often this week, and will make you wish for a simpler existence.

Virgo: 23 Aug—22 Sept

Your happy colour for this week is purple. Wear as much as possible to ensure fruitfulness in all you do.

Libra: 23 Sept—22 Oct

Balance isn't your middle name this week as you stumble into most objects. Wear a puffer jacket at all times to minimise bruising. Bruises don't look good with shorts...

Scorpio: 23 Oct—21 Nov

To love is to show someone sometimes how far you will go. Some people find this endearing, others will think you are a lush who's too damned easy.

Sagittarius: 22 Nov-21 Dec

Spend some time acting your shoe size, not your age. Mind you, if you're thinking Swiss sizes, it might be time to buy that cardigan rather than another round of Jagi..!

Confessions of a Chalet Girl

Hi there, Polly here and I am sat in the sun at the Pavilion café writing this trying to get a bit of a tan, isn't life a bitch.

Well work has been really busy since I last spoke to you, I survived Russian week, but only just, aren't they demanding. I needed a week's vacation to recover and the mess they made in the chalet was unbelievable, anyway we are back to Brits again this week who are lovely and want to keep taking me out, especially their two sons who are 19 and 22, is that allowed?

Nun so charming.... Like butter wouldn't melt

Party-wise one of the few things I have been to recently was the bin bag party at The North Wall Bar, there were so many great outfits, two very scary Scots men, an OXO box and a whole load of Nuns to name but a few. I went in a very slinky number, very S&M and talking of S&M, the leather and rubber party at the Schneewittchen was a hoot, I reappeared in my bin bag with some goth make-up. It felt a bit like being in fetish club, not that I would know!!

The weather has been fab so I have tried to get up as much as possible, my ski instructor is still trying to improve my technique, but personally I think that I am a lost cause. The mountain restaurants are fab though, with some really HOT waiters, I am starting to feel like a stalker, it must be the mountain air. Anyway don't work too hard, but ski and play plenty.

Have fun, lots of love P xxx
